Speaker Biographies

David Hoffman

Steed Family Professor of the Practice of Cybersecurity Policy at Duke University's Sanford School of Public Policy

David Hoffman is the Steed Family Professor of the Practice of Cybersecurity Policy at the Sanford School of Public Policy. He also formerly was the Associate General Counsel, Director of Security Policy and Global Privacy Officer for Intel Corporation.

Hoffman currently chairs the Civil Liberties and Privacy Panel for the Director's Advisory Board for the US National Security Agency. He also chairs the board of the Center for Cybersecurity Policy and Law, and serves on the Advisory Boards for the Future of Privacy Forum and the Israel Tech Policy Institute. Hoffman also founded and chairs the board for the Triangle Privacy Research Hub, which highlights and fosters cybersecurity and privacy academic research done in the North Carolina Research Triangle.

Hoffman previously served on the Department of Homeland Security's Data Privacy and Integrity Advisory Committee and the Board of Directors of the National Cyber Security Alliance. He has also served on the U.S. Federal Trade Commission's Online Access and Security Committee, the Center for Strategic and International Studies Cyber Security Commission, the Steering Committee for BBBOnline, the TRUSTe Board of Directors and the Board of the International Association of Privacy Professionals. He is the author of many papers and articles on cybersecurity and privacy and has testified to Congress on these topics. Hoffman's research and teaching has been aided by funding from Intel Corporation, The Cypsis Group, The Media Trust, and Mine.

Hoffman has a JD from Duke Law School, where he was a member of the Duke Law Journal. He received an AB from Hamilton College.

Andrea Vetrone

Chairperson of the IAIS Operational Resilience Working Group and Senior Expert at EIOPA

Andrea Vetrone is a Senior Expert and Head of the Digital Operational Resilience act (DORA) implementation at EIOPA, leading a team charged with the implementation of the DORA project. He is also the Secretary of the Joint Committee sub-Committee on Digital Operational Resilience tasked with implementing DORA at the European level.

Andrea joined the EIOPA Oversight Department in 2018 working with EIOPA's members on prudential supervisory issues, and also worked with a Big4 audit firm and a large multinational insurance group dealing with projects relating to operations and operational risks of complex and large financial entities.

Kathleen Ham

Founder of the Pearl Advisory Group; former Counsel for Cyber Policy and Financial Regulation at the U.S. Department of Treasury; former PCAOB Board Member

Kathleen has been an executive, public policy adviser, and regulator. Her expertise ranges from financial regulation, control infrastructures, and risk management to cybersecurity, fintech, and emerging technology. She currently advises companies in varied industries, including financial and professional services, and data security. She is also the lead independent director for a U.S. stock exchange and sits on the board of trustees for the University at Buffalo Foundation, where she chairs its audit committee, and serves on its investment committee.

Previously, Kathleen was counselor to the deputy secretary at the U.S. Department of the Treasury, where she led domestic and international cybersecurity initiatives and advised on financial risk and innovation. Kathleen also built a global financial consulting practice at an IBM-affiliated company and, more recently, served as a full-time board member at the U.S. regulator of public company auditors, the Public Company Accounting Oversight Board. Kathleen began her career as a corporate and securities attorney, was a senior enforcement official at the U.S. Securities and Exchange Commission and has held executive and board positions at exchanges.

AVP of Operational Resilience Oversight at Manulife

Kevan O'Leary, AVP of Operational & Resilience Risk at Manulife, leads a global team driving a multi-year initiative to develop and mature the Operational Resilience Program. His team is focused on embedding leading practices that ensure global regulatory compliance and align with industry best practices.

Prior to Manulife, Kevan has worked for and shared his extensive experience in Risk Management, Technology, and Cyber Security across leading global financial institutions and the non-profit sector.

Kevan is passionate about being involved in the community and non-profit sector, most recently serving as a Managing Director of Shared Services at the Humane Society.

Arvind Kannan

EMEA Lead for Financial Services Compliance at Amazon Web Services

Arvind Kannan is a Principal Compliance Specialist at Amazon Web Services who guides Financial Services customers across EMEA on regulatory compliance, AI adoption and governance. Before AWS, Arvind led enterprise-wide regulatory compliance programs at KPMG UK and at a boutique risk consulting firm. Before his foray in consulting, Arvind had led technology programs at Royal Bank of Scotland and ran the Equities High Frequency Trading technology functions at Morgan Stanley. Arvind has a strong foundation in technology from his years working in the field of Electronic Design Automation in California.
